From the M25

Exit the M25 at junction 10 (A3, London) Follow the A3 past Kingston and New Malden.

Take the Coombe Lane exit from the A3. There is an Esso petrol station on the Northbound side of the A3. If you reach Richmond Park then you have gone too far. When you come off the A3 go past the Esso petrol station (in parallel with the A3), then follow the road round to the left after the petrol station. Hoppingwood Farm is on the other side of the road, signposted. Cross the double white line and visitors' parking is at the back of the farm.

From London

Exit the A3 at the Coombe Lane junction (signposted Kingston) just after going under the bridge. At the T junction you need to turn left and go over the bridge. When you have crossed the bridge, at the end of the bridge, take the slip road to the left, you will then go past a Toyota garage; go past the Esso petrol station and then follow the road round to the left. Hoppingwood Farm is 20 yards further on, on the opposite side of the road. Cross the double white line and visitors' parking is at the back of the farm.

By Train

Take the train from Waterloo to Raynes Park Station. Take the number 57 towards Kingston and get off outside the New Victoria hospital. Walk back, cross the road and walk down the slip road towards the A3 (London bound side), Hoppingwood Farm is on your left.
